High School Diplomas Regular.....	36	District Owned Operation	
Other Completions* .....	5		

\* Certificates of Completion issued by the district

\*\* Limited English Proficient (LEP)

### Superintendent's Highlights

The district has progressively moved forward in its school improvement process including near completion of a district curriculum aligned with the state's achievement standards. A revised action plan will be adopted for the 2002-03 school year establishing aggressive direction in the district's mission motto - "Touching the present and the future with high expectations!". It will provide the backdrop for movement amidst the many challenges of local and state reform. The district is recognized for its strong leadership and progressive tempo in moving forward. The district is in sound financial order, is current in its policy manual, and is proud of its nearly new facilities. In addition, the district has a fully equipped technology program at all grade levels allowing for a smooth transition to the new levels' testing requirement. Butte County is a small school district embracing a tradition of "family" within the school and within the community and believes in providing "what is best for kids" within its given parameters.

### Progress Towards Meeting District Goals

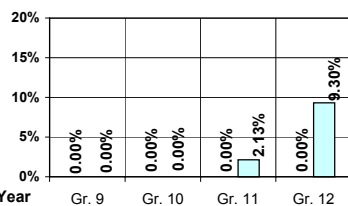

2001-02 Goals	Progress
Facilities	New facilities were completed during the 2001-02 school year and are being nicely maintained. These facilities have brought a renewed sense of pride to teaching and learning.
Patron Support	The local PTSA continues in an active and leading role. The SIP team has also provided a revitalized dynamic of support and direction.
The School Improvement Team	The SIP team has made significant progress in renewing the mission and vision of the district and in providing stakeholder leadership in moving the district forward.
Assessment Literacy & Curriculum Development	The district has been fortunate to be a part of the Region 6 Curriculum Consortium. Through the leadership of this consortium and the Idaho Falls School District teachers have found a new ownership in the completion of a district curriculum and growth in strategies for assessments and instruction. This district is very much "ahead" and well prepared for full implementation of a standards-based accountability system.

### Student Profiles
